

different graph layouts:
S – semantic
C – chronological
U – user (custom)

drag & drop .pdf files

Context-Aware Bandits
[2015] S. Li, P. Kar

Gaussian Process bandits with adaptive discretization
[2017] S. Shekhar, T. Javidi

Bayesian Optimal Active Search and Surveying
[2012] R. Garnett, Y. Krishnamurthy, et. al.

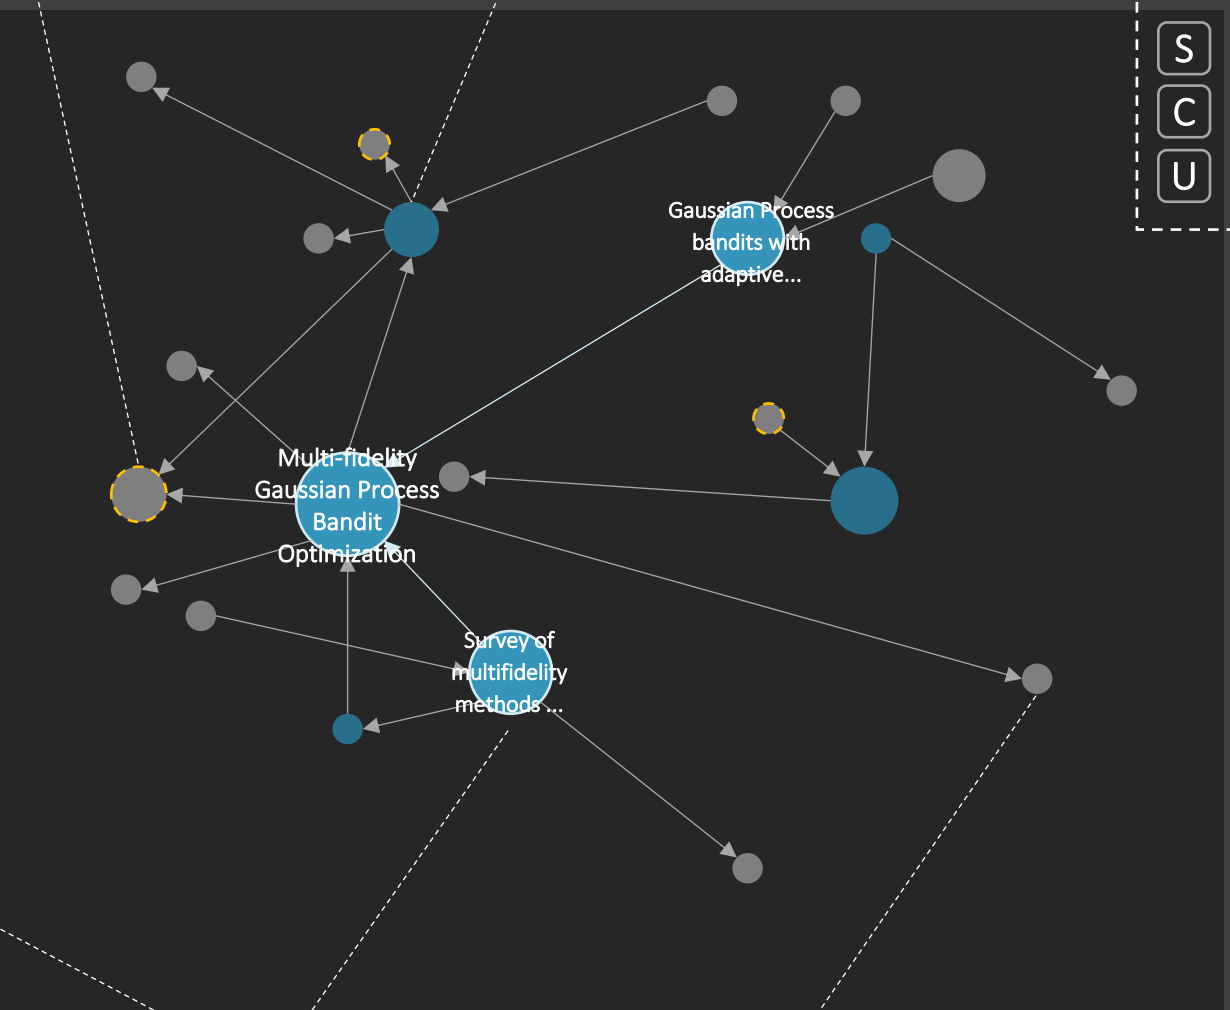

Multi-fidelity Gaussian Process Bandit Optimization
[2016] K. Kandasamy, G. Dasarathy, et. al.

Survey of multifidelity methods in uncertainty propagation, inference, and optimization
[2018] B. Peherstorfer, K. Willcox, M. Gunzburger
